6th NATIONAL HYDRAULIC PNEUMATIC CONGRESS AND EXHIBITION

GROUND FLOOR EXHIBITION FLOOR PLAN

6th NATIONAL HYDRAULIC PNEUMATIC CONGRESS AND EXHIBITION

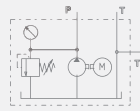

Towards the HYDRAULIC PNEUMATIC 2011

- ◆ National Hydraulic and Pneumatic Congresses, organized by the Chamber of Mechanical Engineers and defined by the Hydraulic Pneumatic sector representatives as a "milestone" is on the way to becoming a traditional event...
- ◆ CME Tepekule Congress and Exhibition center is glad to be actualizing Hydraulic Pneumatic 2011, which contributes to Izmir city becoming a capital of fairs and congresses with about five thousand participants and visitors.
- ◆ With support from Universities that have Mechanical Engineering Departments, sector representatives and all branches of Chamber of Mechanical Engineers, we believe that the interest in Hydraulic Pneumatic 2011 will continue to increase, as has been the case with previous years.

HYDRAULIC PNEUMATIC 2011 will brighten the sector with the wide space available and keen visitor portfolio.

- ◆ Instead of the expense of trying to reach individual clientele, you will be able to reach out to a wider audience in one go.
- ◆ You will have the opportunity to meet face to face with the engineers and technical specialists who use your products. You will congregate at the same arena with the buyers, sellers, users and suppliers.
- ◆ New atmospheres where you will establish new business contacts will be created. Distributor and sales agreements will be executed and you will meet potential buyers.
- ◆ You will form new affiliations with Sectoral institutions and Sectoral press organizations.
- ◆ In terms of social responsibilities, your corporation will have fulfilled an important mission by the interest shown in the students of universities, vocational colleges and high schools participating at the Congress.
